IMPRESSIONS
OF LUXURY

12"x24" (300x600mm) and 24"x48" (600x1200mm)
modular through cutting from 24"x48" (600x1200mm)

24"x24" (600x600mm) and 12"x24" (300x600mm)
modular through cutting from 24"x24" (600x600mm)

Delight series is technically **world-class tile collection**, produced well within **ANSI standards**. All the tiles are pressed and then rectified in the required sizes (24x24, 24x48 and 12x24), so they are super-flat. Only the 12x48 is cut from the 24x48 size, so it is designed to be modular with the 24x48 with narrow grout joints. If you prefer the 12x24 to be modular with the 24x24, we can cut and rectify from the 24x24, and leave a narrow grout joint. This modular capability with the **Delight series** opens up the ability to create exciting layouts in your floor installation.
