MESMERIZING SIZES INSPIRED BY NATURE

EARTH INSPIRED DESIGNS...

Along with the varieties in design, varieties in size play an important part in developing a distinct collection. As you know, Vetican leaves no stone unturned when it comes to fulfilling the consumer's needs. Here is an exciting new collection of the size that everyone accepted with a warm heart and broad mind 80x320cm.

Our latest collection that is developed after studying the trends thoughtfully. The balance between cold designs and warm designs has been maintained carefully for you to be able to choose the best suitable design for your dream space.

**CARVING
GLOSSY
MATT**

1200X3200MM

This collection of marble slab surfaces is a versatile one as it is not bound by its application or usage criteria. It has the innate features of being an integral part of your interiors without any problem. With a stain-resistant and water-resistant surface, marble slab is ideal for application in all indoor areas including the flooring, counter tops and even furniture.

Experience natural finishes and textures in your spaces with ceramic tiles.

The tiles collection brings you innovative and revolution ceramic tiles that look and feel just like elements of nature. The impeccable technology we use offers you products that are spectacularly similar to tiles in look and texture. Due to the impressive technology, our products are sustainably and efficiently manufactured with distinctive and premium features and quality.

Iconic surface to be transformed in to exterior

Designed to perfectly suit all your requirements for a lavish space that uplifts and defines your ambiance to give it a greater look. With a promising quality and wide range design, we offer the best designs.

We believe in quality & best service!

It is not just the interiors of a place that reflect the opulence and refinement of the inhabitants, even the exteriors matter a lot. Sintered Stone surfaces are a robust and durable surface offering, which have been developed specifically to fulfil the needs of an exterior application. Be it your patio floor or facades, outdoor table tops or benches, Sintered Stone will always be an exceptional choice.

Giving a nice trim to the edges of the tiles adds to its beauty.

As these tiles are of the good thickness of 15mm it is possible to shape its edges in different styles and create aesthetically rich counter tops for your space.

WORKING WITH THE VARIOUS VERSIONS OF IMMODERATE

CUTTING WITH DIAMOND DISCS

Our products can be cut using diamond discs fitted onto the hand-held electrical grinding machine. The speed of Disc rotation must be high (>10000 RPM) and should have a low feed rate (< 1 m/min). It may be required to cool the disc with water. Recommended discs are the thin types generally used for cutting porcelain stoneware. The surface should be kept on a FLAT base while cutting without any gap underneath.

DRILLING

You can use cutting discs fitted to battery-operated screwdrivers or angle grinders, electrical drills as an alternative.

INTERNAL CUT / L-SHAPED CUT

To get internal and L-shaped corners & to reduce the risk of breakage, round off the vertex of the internal corner using bits with a radius of at least 5mm. Then cut with diamond discs, be cautious to stop moving the cutting tool forward. To drill and cut using diamond discs, follow the instructions provided above.

When using these tools:

- Cool the point being drilled with water
- Don't put too much pressure and bear in mind the resistance of the type of laminated stoneware you are working on
- If you are using tungsten bits, start drilling at a low speed
- If you are using drills or screwdrivers, do not select hammering mode

Giving a nice trim to the edges of the tiles adds to its beauty.

As these tiles are of the good thickness of 15mm it is possible to shape its edges in different styles and create aesthetically rich counter tops for your space.
