**VERSACE
BROWN**

GruppoNueva™

The image displays a close-up of a marble surface with a 'Versace Green' pattern. The pattern consists of irregular, flowing veins of a vibrant green color set against a light cream or off-white background. The veins vary in thickness and intensity, creating a dynamic and organic visual texture. The overall appearance is that of a high-quality, natural stone or a sophisticated synthetic material designed to mimic natural marble.

**VERSACE
GREEN**

GruppoNueva™

The image displays a close-up of a marble surface with a complex, organic pattern. The primary color is a bright, clean white, which is intricately veined with various shades of blue and grey. These veins are not straight but flow in a dynamic, somewhat chaotic manner, creating a sense of movement and depth. The lighting appears to come from the side, highlighting the texture and the subtle variations in the stone's color. The overall effect is one of natural elegance and sophisticated design.
